

MONTESSORI SUMMER ENRICHMENT PROGRAM

We are pleased to offer a summer enrichment program for children ages 3-6. Each session will run one week, Monday-Friday from 9:00 am until Noon, with a new theme each week.

Montessori is a child-centered hands-on method of education, with free choice and many individual and small group activities. It is these activities that are appropriate for the 6 and under age group.

All program activities are related to the week's theme and will include Montessori based materials. There will be arts and crafts, music and movement and outdoor playtime. A nutritious snack will be provided daily.

PROGRAM THEMES

THE FIVE SENSES June 16 - June 20
Children from age three to age six are in their "sensitive period" for exploring the world through their senses. This week's program will allow children to experience sight, sound, smell, taste, and touch through various activities.

OCEANOGRAPHY June 23 - June 27
How big is the biggest fish? We will explore sharks, whales, dolphins, sea turtles, and seals, their size, sounds, and eating habits. Many stories, art projects, and songs go along with this program.

NATURE EXPLORERS June 30 - July 3
There will be many opportunities for children to see, do and learn in Nature Explorers! We will learn about the natural world, with a special focus on animals. There will also be an excursion to Wilson's Animal Park, and possibly a guest speaker!

ART APPRECIATION July 7 - July 11
Children will study and apply color, pattern, texture, line, and form using instruments. They learn to paint with watercolor, tempera, and acrylic paints. They will also experiment with collage and sculpture. The children will begin to experience the joy and satisfaction found in the creative endeavor.

Every child is an artist. The problem is how to remain an artist once he grows up.

~ Pablo Picasso

ENROLLMENT

You may enroll your child for as many sessions as you wish. Enrollment is limited to 18 students per session so register early. Rate details are included below.
