

## MONTESSORI SUMMER ENRICHMENT PROGRAM

We are pleased to offer a summer enrichment program for children ages 3-6. Each session will run one week, Monday-Friday from 9:00 am until 1:00 pm, with a new theme each week.

Montessori is a child-centered hands-on method of education, with free choice and many individual and small group activities. It is these activities that are appropriate for the 6 and under age group.

All program activities are related to the week's theme and will include Montessori based materials. There will be arts and crafts, music and movement and outdoor playtime. A nutritious snack will be provided daily. Children must bring a packed lunch.

## PROGRAM THEMES

### NATURE EXPLORERS July 6 - 10

There will be many opportunities for children to see, do and learn in Nature Explorers! We will learn about the natural world, with a special focus on plant life.

### ART APPRECIATION July 13 - 17

Children will learn to paint with watercolor, tempera and acrylic paints. They will also experiment with collage and sculpture. They will begin to experience the joy and satisfaction found in the creative endeavor.

### OCEANOGRAPHY July 20 - 24

How big is the biggest fish? We will explore sharks, whales, dolphins, sea turtles, and seals, their size, sounds, and eating habits. Many stories, art projects, and songs go along with this program.

### SCIENCE July 27 – 31

Our science program contains many experiments and discoveries as we delve into the composition of our world. Children will explore some of the different types of science, at their level, including physics, chemistry, biology, geology and astronomy.

### DINOSAURS August 3 – 7

This week our junior paleontologists will study dinosaurs in detail. We will examine fossils build our own creatures and debunk some dinosaur myths.

### THE FIVE SENSES August 10 - 14

Children from age three to age six are in their "sensitive period" for exploring the world through their senses. This week's program will allow children to experience sight, sound, smell, taste, and touch through various activities.
